Therefore, we wish to foster outstanding talents necessary for the economic development of both countries, and we would like to request special scholarships for outstanding students of your recommendation to commemorate the 40th anniversary of the school in 2022 after meeting with the foundation of our university and the scholarship committee.

Specifically, we have prepared a special program for foreign students who have the basic level of Korean [level of completing 6 months of Korean language training] competency to enter the freshman school in March 2022. In addition, we plan to provide scholarship benefits such as full tuition waiver the first semester. We will spare no effort in maximizing the potential to promote the growth of native talents with the biggest scholarship benefit since the school's opening.
