In cases where the applicant presents altered, apocryphal, or fraudulently obtained documents, it will be registered in the migratory control lists and will not be able to obtain a visa to enter Mexico.

According to the Law and its Regulations, the Mexican visa allows the foreign person to appear at a place destined to the international transit of persons and in the filter of migratory revision and request their entry into national territory. The presentation of a visa does not guarantee entry into national territory. Admission to Mexico is subject to the approval of the sanitary and migratory authorities at the point of entry, which may verify at all times the requirements established in the legal provisions applicable in the migration review filter.
