Viva México!!

I'm student of Elementary school 6th Grade, in Cadreyta Jimenez Nuevo Leon a pretty town close to Monterrey.

I'm learning English language here. We read news about different countries because, my teacher says that is a good idea to learn more of other cultures. I told Miss Nelly Barragon, my English teacher why in a Big Country like England two commentarist insulted Mexican people. Our parents and teachers teach us Respect and country in the world. My Fernanda demand the saome respect for us too.
