Applicants submitting altered, apocryphal or fraudulent documents will be registered in the Immigration Control database and they will not be able to obtain a visa to enter Mexico.

As per the Legislation and Regulations in force, a Mexican visa allows a foreigner to appear at a designated Immigration Control Area and to request entry into the national territory. Being in possession of a Mexican visa does not, however, guarantee entry into the country. Entry is subject to approval by the Mexican Immigration and Health Authorities, who are entitled to verify, at any time, compliance with the legal and regulatory provisions in force.
