

AFRICAN SWINE FEVER

African swine fever (ASF) is a **highly contagious** disease of domestic and wild pigs. It is not a danger to human health but it is devastating for farming economy. There is no vaccine against it.

Travelling within or outside a country?
By car, bus, train, airplane, boat?

Do not spread the disease.

Travellers

Don't be the carrier of a deadly pig disease

YOU MUST TAKE PRECAUTIONS

Do not carry pigs or pork products
If you do, declare them to the transport authorities

Do not visit farms unless it is necessary

If you are in regular contact with domestic pigs, do not hunt wild pigs
